

CALGARY FOOTHILLS SOCCER CLUB

EVALUATION PROCESS

OUTDOOR 2018

U9-U12

U9/10 TIER A-D

U11/U12 TIER 1-3

Stage 1 – Historical Data

At the end of each season the team coaches will submit a player ranking form to the Technical Staff. This will be a summary of the player's performance during team practices and games from across the season. Academy staff will also provide feedback reports on the players based on their own observations from Academy practices & CMSA games.

This helps to create a better knowledge of our current players PRIOR to them completing an open assessment with any new players to the Club.

Stage 2 – Skills Assessment

In order to support us with building a more accurate picture of our players' long-term development all of our players will complete a skills assessment during the U9-U12 age range. This will also provide us with data on any new player to the Club and enable us to add our results to the historical data for our current players.

We will focus on areas such as:

- Dribbling
- Turning
- Ball Striking
- 1v1 Skills
- Speed Testing

The data is collated and used to select teams for the first round of small-sided games.

Stage 3 – Small Sided Games – Phase One

Players will be placed into teams based on the data that is collected from our skills assessment and participate in small-sided games, such as 4v4, to allow the Technical Staff to evaluate the players in game situations.

Once the games begin players may be moved to a different team in order to find the relevant level of play for each player.

Stage 4 – Small Sided Games – Phase Two

At this stage the Technical Staff will place players into teams that reflect their performance during our skills assessment and first phase of small-sided games.

During this stage players may be moved to a different team in order to find the relevant level of play for each player.

U9-U12

U9/10 TIER A-D

U11/U12 TIER 1-3

Stage 5 – Roster formation & confirmation

The Technical Staff will review the data from the skills assessment and small-sided games before confirming the final roster with the Team Coach.

Players will be contacted by their respective Team Coach or the Club Technical Staff via email welcoming the players to the team and informing them of the upcoming schedule.

Our U9-U12 players will be contacted by no later than Friday April 27th.

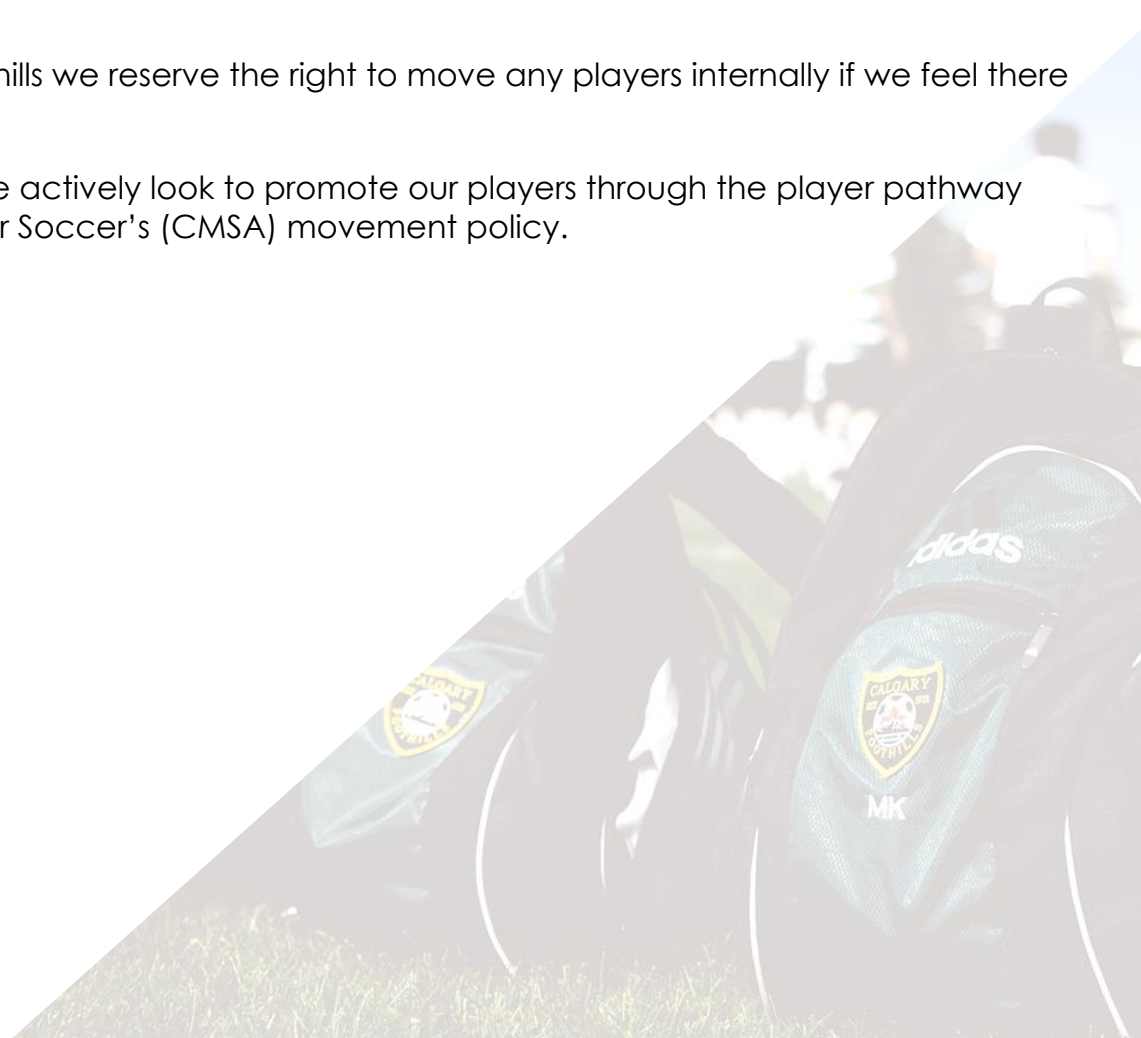

Appeals Process

In the event that a player feels they have been placed incorrectly following the conclusion of the evaluation process and AFTER the announcement of the final rosters players can submit an appeal. The appeal form can be found in the documents section of the parent resources tab on our website: www.gofoothills.ca

Any player appeal must be received by the Club no later than Sunday April 29th – Placement appeals received after this date will not be accepted.

It is important to note that at Calgary Foothills we reserve the right to move any players internally if we feel there has been misplacement.

Our evaluations process is ongoing and we actively look to promote our players through the player pathway during the season subject to Calgary Minor Soccer's (CMSA) movement policy.

U13-U19

TIER 1-3

Stage 1 – Historical Data

At the end of each season the team coaches will submit a player ranking form to the Technical Staff. This will be a summary of the player's performance during team practices and games from across the season. Academy staff will also provide feedback reports on the players based on their own observations from Academy practices & CMSA games.

This helps to create a better knowledge of our current players PRIOR to them completing an open assessment with any new players to the Club.

Stage 2- Initial Small Sided Games Assessment

For the first 2 scheduled evaluation sessions, players will attend their appropriate dates for tryouts based on their year of birth and the level they have registered for. All players in the age group (Example: ALL 2005 born boys) will be grouped together to create balanced teams for the small sided games.

Stage 3- Final Small Sided Games Assessment

For the final scheduled evaluation, players will be pre-sorted based on previous games assessment, seasonly player ranking scores and feedback from the Foothills technical staff.

Stage 4-Player Draft will occur with Technical Staff & Team Coaches

The Foothills Technical Staff will meet with Team Coaches to review player performance. At this time, we will consider our historical data and our observations from the evaluation period. Technical Staff will form team rosters before informing the team coaches.

Stage 5-Rosters announced

Players will be contacted by their respective Team Coach or the Club Technical Staff via email welcoming the players to the team and informing them of the upcoming schedule.

Appeals Process

In the event that a player feels they have been placed incorrectly following the conclusion of the evaluation process and AFTER the announcement of the final rosters players can submit an appeal.
